

Introducing

Patrol Commander® Dual Joystick

Taking Plow Control To New Destinations

Take plow control to new destinations with the Patrol Commander® Dual joystick controller. Designed and manufactured by FORCE America, this powerful controller offers fleets and trucks of all sizes non-proportional joystick control with configurable outputs in an economical package. Our solid design and engineering ensure a compact, functional solution.

Features and Benefits

- Two non-proportional, configurable joysticks with four-way capability
- Plug and play design
- Solid design and engineering in compact easy to use package
- Close proximity of joysticks and switches offer convenient, easy functionality and maneuverability
- Cost-effective joystick solution for flat level control in any environment

Quality design and performance

- Proudly designed and manufactured in the USA
- Incorporates the same intuitive joystick navigation, design and maneuverability found in FORCE America's Patrol Commander Ultra
- Easy to operate side-by-side with an SSC3100 or 5100ex spreader control
- Compact design (3.5" x 8" x 8")

Patrol Commander Dual with side-by-side mounted SSC3100 Spreader Control

Patrol Commander Dual with side-by-side mounted 5100ex Spreader Control

Get To Your Next Destination
