INTRODUCING

THE POWER OF EX.

SSC5100ex Spreader Control
The power behind FORCE America’s 5100ex spreader control is designed specifically for the demands placed on Public Works departments and other heavy duty winter maintenance operations. The 5100ex provides a commanding solution for winter maintenance professionals to fight snow and ice with precision and simplicity. Best of all, it delivers enormous functionality within a compact, modern design.

Features and Benefits

A fully-integrated, all-in-one solution with a wide range of control

- Manual, open and closed loop controller options
- Accurate application of granular and liquid deicing materials
- Optional integrated control for the plow and hoist operation

Quality design and performance

- Completed rigorous environmental and shock testing as a part of the development process
- Meets the SAE J1455 standard for heavy-duty trucks
- Incorporates the same intuitive navigation found in FORCE America’s 6100 line of controllers for low training and ease of moving between systems
- Proudly designed and manufactured in the USA

Integration with PreCise MRM’s AVL/GPS solution for comprehensive reporting

(See reverse for more detail)

- Access to industry’s most advanced web-based tool to automate winter maintenance reporting, mapping and equipment maintenance
- Total system designed to cut spending on salt and reduce impact on the environment
**EXPERIENCE THE POWER**

**Compact, rugged design offers intuitive navigation and comfort**

- Ergonomic design for comfortable operation
- Right-hand location of controls offer an unobstructed view of the LCD screen
- Compact design (5.1”H x 7.2”W x 2.5”D) avoids overcrowding the cab with hardware

Built-in USB port for data retrieval and firmware upgrades.

Bright, bold color LCD touchscreen for calibration and configuration options.

Tactically placed interlock system to ensure safe use of critical functions.

Backlit rocker switches for easy viewing at all times.

Fully adjustable mounting option for easy, customizable installation.

Protective casing surround control knobs to prevent unintentional use and damage to the knobs.
As a part of the FORCE America family, the PreCise Mobile Resource Management solution is integrated deeply with the 5100ex control system. Accurate material usage reporting, controller error alerts, and vehicle accessory details are all available as a part of a total system approach. PreCise MRM goes beyond AVL/GPS to provide a complete fleet management solution.

PreCise tracks and reports on:
- Vehicle speed and location
- Activity of equipment accessories, including plow and broom
- Material usage and route completion reporting
- Idle time and equipment maintenance intervals
